DETAILED ACTION

1. The Amendment filed on August 8, 2003 has been entered.

Election/Restrictions

2. Claims 1-9 and 14-18 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to nonelected Groups, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 14.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 10-13 are rejected under 35 U.S.C. 102(b) as being anticipated by Crouse.

Crouse discloses a trimming apparatus comprising all the elements claimed including, inter alia, a scrap receiver (e.g. 18) and a nozzle (Fig. 3). See whole patent.

Response to Arguments

5. Applicant's arguments filed August 8, 2003 have been fully considered but they are not persuasive.

In response to Applicant's basic argument that Crouse does not anticipate the claimed invention because Crouse allegedly lacks the nozzle adapted to direct a stream of fluid as claimed, this argument is traversed. Contrary to Applicant's argument, Crouse includes two sets of nozzles (38, 39) in which at least the nozzles (39) is directing fluid in the direction as claimed.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
